FRONTEND WEB DEVELOPER

I am a dedicated Frontend Web Developer and a BCA student with a passion for creating visually engaging and user-friendly websites using HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, and Node.js, among others. Alongside my academic pursuits, I have also honed my skills in content writing and digital marketing. I thrive on the challenge of crafting seamless web experiences while continuing to expand my knowledge in various digital disciplines.

KEY COMPETENCIES

HTML	Bootstrap	Content Writing	Team Collaboration
CSS	Tailwind CSS	Advertisement	Responsive Web Design
JavaScript	WordPress	Problem Solving	User Experience (UX) Design

---

PROFESSIONAL EXPERIENCE

Ayaz Enterprises   **Oct 2023**
Google Advertisement
Ayaz Enterprises entrusted me with managing advertisements for their YouTube channel. With diligent effort and attention to detail, I successfully achieved the goals set for the ad campaign while ensuring excellent customer satisfaction. My dedication and proficiency in the task contributed to a job well done
